

DONATING STATUE . . . Paul H. Salzburg, 1612 Greenwood Ave., a sculpturer, inspects the finishing touches on a statue entitled "Burden of Peace" which he has offered to the United Nations. A representative of the United Nations has inspected the statue at Salzburg's Torrance home and Salzburg said he expects to hear soon whether the matter will be carried further. (Herald Photo)

Burden of Peace Sculptor Offers Plea for Sanity

Quite a few years ago, far-sighted men of good will and peace helped to create the institution we know as the United Nations; where nations large and small could be represented and bring their problems to be solved peaceably.

Unfortunately, we still live in a time when it is possible for unscrupulous minds with the power of decision to force their peaceful neighbors to play the game of Russian roulette.

It rankles my soul to know that a mere creature of a man who had no hand in creating lives has this power of killing and destroying thousands of lives in his lust for power. Indeed, the claim that man has just a thin layer of culture, and in a moment of insanity can turn into a beast of prey, seems correct.

Let us not get into a position where there is no other choice but this fateful decision: "Give me liberty or give me death!"

Indeed, the burden of peace weighs heavy on the shoulders and minds of peaceful men.

Paul H. Salzburg, sculptor

Anti-smog Campaign Stepped Up by APCD

Smoking trucks, buses and passenger cars are the target of a stepped-up campaign of anti-smog activity, Smith Griswold, air pollution control officer, reported to Supervisor Warren M. Dorn today.

In accordance with instructions received from the Board of Supervisors, the APCD has increased its patrol force and has requested other vehicle law enforcement agencies to increase their efforts to cite smoking vehicles.

Griswold told Dorn, who is chairman of the Air Pollution Committee of the Board of Supervisors, that since 1955 the APCD has cited more than 18,000 smoking vehicles into

the courts of Los Angeles County.

HE ALSO pointed out that there has been a steady reduction in the number of inspectors employed by the district during the past several years, and that if the Board of Supervisors wishes to increase enforcement activity against motor vehicles, additional personnel will be needed.

As part of the program ordered by the supervisors, representatives of the APCD met with the Traffic Committee of the Los Angeles County Peace Officers' Assn. to seek the cooperation of all law enforcement agencies in the county.

Brownie Troop 949

Investiture ceremonies for the newly formed Brownie Troop 949 were held recently at the home of the group's leader, Mrs. Hope Smith. Assisting with the ceremonies was Mrs. LaVonne Poineen. Mothers of the new Brownies witnessed the rites.

Others on hand for the important program were Mrs. Yvonne Frame, neighborhood organizer, and her assistant, Barbara Slayton.

Refreshments were served to the girls and their guests at the end of the formal program.

The newly organized troop, comprising girls from Anza Elementary School, is sponsored by Torrance Fire Fighters Local 1138.
